

CAREER HIGHLIGHTS

With over 20 years of experience in technology, Chris has spent the last 14 years in consulting with a specialty in the Microsoft space. Having an enthusiasm and love for Unified Communications, Chris has worked primarily with Microsoft Exchange and OCS/Lync, both architecting and implementing UC for companies across the US and around the globe. He has also been on the cutting edge of the Cloud, working with Office 365 /Azure deployments within the enterprise space. Along with his UC experience and numerous Microsoft certifications, Chris is proficient in Windows Server technology, SQL administration, and System Center deployments, rounding out his skills supporting and maintaining complex Microsoft environments.
